

# SWIFT EOD KIT

TACTICAL ELECTRONICS: SPEC SHEET

WIRELESS

REAL-TIME

## IDENTIFICATION:

### WIRELESS VIDEO

5GHz real-time Wi-Fi video transmission

### ATAK | MANET

Connect real-time video via USB & Ethernet

### ENCRYPTED VIDEO

AES encrypted Wi-Fi video streaming

### SD RECORDING

Automatic recording to a 32GB MicroSD card

## KIT CONTENTS:

- |  |               |
|--|---------------|
| + SWIFT Video Scope                          | + TE4 Monitor |
| + Dual SWIFT Flex Camera                     | + TE5 Monitor |
| + SWIFT Pole Camera – 1.75 Meters Extended   | + Hard Case   |
| + SWIFT Under Door Camera (2-camera version) |               |

## DESCRIPTION:

The SWIFT EOD Kit includes the SWIFT Video Scope (12in), SWIFT Flex Camera (Dual), SWIFT Under Door Camera (2 Cam), SWIFT Pole Camera (1.75M), TE5 Monitor, and TE4 Monitor. The SWIFT EOD Kit is packaged in a durable transport case with custom cut foam for each component.

The Elite EOD Kit is meticulously designed to equip operators with a versatile set of inspection cameras to handle a wide range of threats in the field. The SWIFT Video Scope features an 8mm distal tip with 4-way articulation and an adjustable 400nm UV LED at the tip, providing enhanced visibility and maneuverability. The Dual SWIFT Flex Camera combines a color CMOS sensor with a FLIR thermal imager, offering comprehensive imaging capabilities. The SWIFT Pole Camera is a compact, quick-deploy solution that delivers both low-light and thermal video at an extended reach. Additionally, the SWIFT Under Door Camera is optimized for size, weight, and power, providing dual-directional viewing (forward and upward) within a room. All cameras in the Elite EOD Kit are equipped with on-board 5GHz Wi-Fi, enabling encrypted video streaming to any Tactical Electronics monitor, compatible Android™ devices, or MANET radios. This kit ensures operators have the tools they need for effective threat assessment and response, supported by advanced imaging technology and secure wireless connectivity.
