KIT CONTENTS:

- + SWIFT Pole Camera - 1.75 Meters Extended
- + TE4 Monitor
- + SWIFT Under Door Camera (2-camera or 4-camera version)
- + Hard Case

DESCRIPTION:

The SWIFT Tactical Kit includes a SWIFT Pole Camera (1.75m), SWIFT Under Door Camera (4 CAM), and a TE4 Monitor. The SWIFT Tactical Kit is packaged in a durable transport case with custom cut foam for each component.

Elevate your tactical operations with the SWIFT Tactical Kit, designed for operators who need quick, reliable access to visual intelligence in challenging environments. This lightweight, compact solution can be deployed in seconds, ensuring you can see into rooms, attics, basements, or other concealed spaces while maintaining optimal safety.

The SWIFT Pole Camera offers rapid deployment with its telescoping carbon fiber pole, which extends in seconds without the need for twisting or locking. Featuring dual sensors, it provides both low-light color and white-hot thermal views, which can be displayed individually or in a split-screen format for superior vision in diverse conditions.

The SWIFT Under Door Camera is designed with a compact and efficient form factor, fitting comfortably within a Double M4 Mag Pouch. It includes up to four cameras in a 0.26in thick panel, offering comprehensive views in all directions—forward, upward, left, and right. Covert 950nm Infrared LEDs ensure clear visuals in both low-light and no-light environments.
